

Please support IUOE Local 94 and the middle class. The right of Unions and workers to demonstrate is protected by the First Amendment in this country. We understand that this can be uncomfortable but please direct your attention to the real issue – an owner who removed a Union contractor that paid middle class Union wages and benefits and replaced it with a contractor that expected the workers to accept jobs with 75% salary cuts and no benefits, including medical benefits.

Put yourself in these workers' shoes. Could you and your family survive a 75% reduction in salary and no medical benefits. How would you respond? Would you protest and walk the line with these men and women to fight? We hope so. If corporate greed succeeds here and middle-class jobs are lost and under attack, one day it may be you, your families and friends, in the streets. Will you remember this moment in time when it happens to you? Will others walk the line with you?

(Turn Over)

Civil Rights, Women's Rights, Gay Rights and Union Rights, all were won with a fight in the streets of this country.

Don't let a millionaire's trample the hard-won rights of workers – we have all struggled too hard to allow that.

It is not happening without a fight!!!!!!

Please contact Colonnade Management and/or Columbus Properties and express your frustration so your voice can be heard.
