

40th
Annual
Scholarship
Journal
2020

I. U. O. E. Local 94, 94A, 94B

Greetings

July 27, 2020

Dear Members and Friends:

This year due to the Covid-19 pandemic our Fortieth Annual IUOE Local 94, 94A, 94B Scholarship Fund Family Picnic had to be cancelled. The Local 94 Annual Picnic is one of our favorite events of the year. It is an event enjoyed by all members, guests, and their families but also one that raises money to help support our Local 94 Scholarship Fund.

Since our first picnic in 1980 we have come a long way. That first year we had approximate 300 people in attendance, now we have over 2,500. As I have said many times before, our success can only be attributed to having a great team working together to achieve one goal, to keep our Scholarship Fund vital. We want to commend all of our members for their constant support and loyalty to the Scholarship Fund.

Although this year's event was cancelled your support in this journal has helped to continue to offer scholarships to the children in our Union Family. We would also like to extend appreciation to our sister Unions, the Employers and various Business Firms for their contribution to our Journal each year.

The Scholarship Fund has provided a total of 229 scholarships to Local 94 children. As of 2019 we were able to increase the number of recipients from 10 to 12 and the total award the recipients to receive from \$8,000 to \$10,000 each. As we have said many times, such success is not achieved by one person, and this year in particular your support of the Journal has allowed us to continue to encourage our children to pursue their educational goals.

Thank you again for being part of the team and we hope that you will continue to do so in the future.

Fraternally,

Kuba J. Brown
Business Manager
KJB/jd

We Will Never Forget

I.U.O.E. History

Getting to where it is today was no easy task for the IUOE. The road was strewn with obstacles and resistance. It was only through dedicated leadership, sacrifice, sweat and perseverance that the union was able to advance.

Working conditions for construction and stationary workers in the late 1800 were, at best, appalling. Their wages, for 60-to-90-hour work weeks, were equally miserable. Benefits were practically unheard of.

In an effort to change those conditions, a small group of stationary engineers met in Chicago Dec. 7, 1896 to form the National Union of Steam Engineers of America, the forerunner of today's IUOE.

Each was from a small U.S. local union. The largest had only 40 members and all but one local was from the stationary field. The majority of these founders shared a common skill: the ability to operate the dangerous steam boilers of the day. (In fitting tribute to these early pioneers, a steam gauge even today dominates the emblem, or logo, of the IUOE.)

A year later, the first Canadian workers joined the fledgling union. To reflect this expansion across the border, the union's name was changed to the International Union of Steam Engineers.

Their unique ability made the steam engineers vital to the operation of steam-driven construction equipment introduced on a large scale at the turn of the century.

More and more construction workers signed on after the turn of the century and the union changed its name at its 1912 Convention to reflect this new composition, becoming the International Union of Steam and Operating Engineers.

Operating Engineers flocked to San Francisco to rebuild that majestic city after it was turned to rubble in the earthquake of 1906. Additional thousands of Operating Engineers moved mountains in the next few years in digging the Panama Canal.

As members began working with internal combustion engines, electric motors, hydraulic machinery and refrigerating systems, as well as steam boilers and engines, the word "steam" was dropped from the union's name and in 1928 it became the International Union of Operating Engineers.

As the organization continued its growth, it attracted workers from the public sector, making it a truly diverse trade union.

Passage of the Davis-Bacon Act of 1931, which guaranteed construction workers' wage rates on federally financed projects, helped the union members weather the after-effects of the Great Depression and maintain their wages.

The IUOE later would become an essential part of the Seabees, skilled construction men who lent their talents to the U.S. Navy. They carved out bases, airfields and roads in war zones from the beaches of Europe to the DMZ of Korea to the jungles of Vietnam.

The IUOE's growth and progress was fueled greatly at the end of World War II when the Federal Highway Trust Program came into existence, creating thousands of jobs for Operating Engineers.

In the intervening years, the union persevered through boom times and lean times. Today its members are reaping the rewards of the sacrifices and foresight of their predecessors.

And rightfully so, because the Operating Engineers, as much as anyone, helped build America and Canada. San Francisco's Golden Gate Bridge, the Panama Canal, Chicago's Sears Tower, Toronto's CN Tower and Sky Dome, New York's Empire State Building and Holland Tunnel, the Statue of Liberty, Vancouver's Lions Gate Bridge, the Alaskan Pipeline and Hoover Dam—all are monuments to the skills of the members of the Operating Engineers.

Whether it's the roads you travel on, the bridges you cross, the tunnels you whisk through, the subway systems you ride...or the buildings and complexes where you work, receive medical care, view sporting events...or the dams, pipelines, oil refineries and rigs, and petro-chemical plants you rely on for water and energy needs...or programs to rid your schools and communities of asbestos and hazardous materials and waste...it's a good bet they were built and are operated and serviced by members of the IUOE.

In Memory of

Vito Deleo

Charles Magee

John Griffin Jr.

David Williams

What used to be the World Trade Center is now called "Ground Zero". It should however be renamed "Ground Hero". There are stories of heroism that have been told and stories of heroism that will never be told. Let us tell you about our four I.U.O.E. Local 94 Heroes. John Griffin, Jr. and Charles Magee immediately responded to the emergency despite the inherent danger and assisted with the evacuation of tenants. Vito Deleo and David Williams helped tenants find their way safely out of the building and were themselves two blocks away from the Twin Towers when they made the unselfish decision to return to continue to help with the evacuation. All four are still missing but will not be forgotten. We should pray for these heroes and also pray for the silent heroes, those who have been left to go through life without their loved ones.

**Congratulations to the scholarship recipients
and thank you to all of the business agents for
their dedication to the members of Local 94**

Phil, Christina, Cecilia and Olivia Baffuto

It has been a fantastic run with Local 94.

I wish to thank the membership for the many years of support,
loyalty and friendship.

Thanks to my fellow Executive Board Members, Business Agents
and Office Staff for their help, guidance and friendship as well.

I leave you with an old Irish saying.....

There are good ships

And there are wooden ships.

There are ships that sail the sea,

But the best ships are Friendships,

And that they may always be.

Hope to see you at the next meeting!

Jack "Tiny" and Kris Redden

Kellianne, Michael, Mallory and Olivia Burke

Katie, Steven and Luna Montalbano

Never forget !

To Business Manager Kuba Brown and Asst. Business Manager Ray Macco, I am Thankful for the opportunity in becoming a Local 94 Business Representative. It is with Dedication and Perseverance that I bring forth to the position as a Local 94 Business Agent. I'm also appreciative to the other Agents on their teachings of the job.

To my crew at 125 Broad St, it's with sorrow that I depart after 28 years of service. Along the way working with so many people that at the end I consider them family.

Congratulations to Jack Redden on his well deserve retirement. A job well done to all Local 94 Scholarship recipients in achieving an educational goal.

As the New Business Representative in the School Division, is with integrity and determination that I will represent the members of our great Union. In keeping with respect to Local 94's approach to Union Strong.

*Respectfully Yours,
The Cancel Family

We would like to thank Local 94 staff for all your help
and support throughout the years

We want to wish happiness, health, and prosperity to our fellow union
members, their families, and the officers of Local 94.

In the face of uncertainty, it is more important than ever that we continue to
support our union brothers and sisters. In union there is strength.

Congratulations to all of the scholarship recipients this year. We wish you all
the best as your start on the path to your future.
