

As the FDNY continues to follow CDC guidelines, the number of individuals admitted into the public entrance at 9 Metro Tech has been limited, which has unfortunately caused long wait times.

The FDNY has implemented a new convenient way for the public to apply, pay, and/or renew Certificates of Fitness online on [FDNY Business – Certificate of Fitness](#). You must first create an account to complete an application and payment. Applicants who submit and pay for their applications **BEFORE** coming to FDNY Headquarters will have little or no wait time to enter FDNY Headquarters. Online applicants will receive priority access when arriving to take their exams.

All [F89](#), [F80](#), [Q01](#), [S56](#), and [S98](#) applicants **MUST** complete the online application and payment as well as have a [scheduled appointment](#).

Instructions for online application, payment and renewal can be found here:

<http://www1.nyc.gov/assets/fdny/downloads/pdf/business/fdny-business-cof-individuals.pdf>

Create an Account and Log in to:

<http://fires.fdnyccloud.org/CitizenAccess/SAML/NYCIDLogin.aspx>

You can also use this link below to renew your Certificate of Fitness without logging in

<http://fires.fdnyccloud.org/CitizenAccess/Default.aspx> by selecting “Submit a Certificate of Renewal Request.” Online filing can be done from any computer with a web browser. Note that mobile phones are not recommended for accessing FDNY Business.
