If there is only one candidate for any office other than that of Trustee and there are no more than five candidates for the Office of Trustee, there shall be no roll call vote and such candidate or candidates shall be declared elected. Art. IV. No candidate (including a prospective candidate) for General Office, and no supporter of a candidate for General Office, may solicit or accept any direct or indirect financial support from any non-member of the International Union of Operating Engineers or from any foundation, corporation or other entity whose funds are derived in whole or in part from any person not a member of this International Union.

Between Conventions, these officers shall receive an annual percentage salary increase effective July 1 each year. He shall also be empowered to interpret the provisions of the Constitution and decide questions of law arising thereunder. He shall be vested with all the administrative powers of the organization.

To Invoke and Administer International
Supervision and Other Preemptory Powers

Art. VI. The General President shall have the power
Section 3. to require Local Unions, Local Officers and any other subdivision of the International Union and members to comply with this Constitution and any lawful rulings or orders of the International Union. For the purpose of correcting corruption or financial malpractice, assuring the performance of collective bargaining agreements or other duties of a bargaining representative, restoring democratic procedures, or otherwise carrying out the legitimate objects of the International Union, including the

observance of the Ritual, Obligation, law, rules or decisions of the organization or its duly constituted authorities, he shall have full power to suspend or remove such Local officers, suspend or revoke charters of such Local Unions or place such Local Unions and their officers and members under International Supervision. Reasonable notice of such hearing shall be afforded the officers and members of the subordinate union involved. If the General President determines that an emergency exists requiring immediate action to be

Enforcement of this provision shall be wholly a matter of internal discipline. A violation of this provision shall not be used as a basis for any action adversely affecting employment rights, except in accordance with the terms of a valid union security agreement. If and when his clearance card is accepted, he shall be governed by the wage scale, rules and bylaws of said Local Union and if the Local Union into which such member enters has a higher initiation fee and the bylaws of such Local Union require it, he may be required to pay the amount of the difference to the receiving Local Union, in which event, the initiation fee tax on such difference shall be charged and collected by the General Secretary-Treasurer. In the event the said bylaws waive the payment of this difference, then there shall be no initiation fee tax charged or collected by the General Secretary-Treasurer.

Art. XV. Local Unions shall purchase clearance
Section 2 (e). cards from the General Secretary-Treasurer and said cards shall be drawn up by the General Secretary-Treasurer in duplicate and designated "Coupon No. 1" and "Coupon No. 2." Upon entering the Local Union into which he may transfer, the member shall sign both

coupons, Coupon No. 1 being retained by the Financial Secretary of the Local Union into which he transfers and Coupon No. 2 being transmitted by the Financial Secretary of the Local Union into which he has transferred to the Financial Secretary of the Local Union which issued the card no later than the last day of the month in which the member was accepted. Thereafter the Financial Secretary of the Local Union into which the member has transferred, shall, on the next monthly report, set forth the name and membership number of the member so admitted.

Travel Service Dues

Art. XV. Members of one Local Union shall not seek **Section 3 (a).** employment, be employed, or remain at work at the craft within the territorial jurisdiction of another Local Union without the consent of such other Local Union, which consent may be evidenced by its acceptance of the clearance card presented to it by the member involved, as provided in the Constitution, or by the issuance of the service dues receipt hereinafter described. If the member involved does not present a clearance card to such other Local Union, or the Local Union to which the clearance card is presented fails to act thereon, or the Local Union to which the clearance card is presented acts thereon and refuses to affiliate such member, and the Business Representative of such other Local Union, in such cases, shall thereupon consent to the issuance of the service dues receipt (described herein), then the member involved shall be entitled to receive and required to secure successively, during the period within which said consent be granted and his work continue, such number of weekly service dues receipts if he is a hoisting and portable engineer, or monthly service dues receipts if he is a stationary engineer, as shall be issued to him by the said Business Representative under the regulations established by the General Executive Board. Such service dues receipts shall, for the period issued, allow the holder thereof to seek, accept, and hold employment within the territorial jurisdiction of such other Local

Union out of which said service dues receipts shall be issued, but subject always to such regulations as shall be imposed thereon by the General Executive Board.

Provided, however, that there will be a limited key employee exception to the above requirement that members obtain clearance. Under this exception, Local Unions must clear in a limited number of key employees if the following requirements are met: 1) the employer signs or is signatory to the Local Union's master agreement for the area in which the job in question is located; 2) the employer has a pre-job to identify the key employees and address any other issues before each job on which key employees are used; 3) the employer agrees, upon presentation of appropriate authorization, to collect from key employees the local working dues and/or administrative dues and remit such to the Local Union in whose jurisdiction the work is being performed; and 4) the employer agrees that the wage rate paid key employees will be at least the rate paid under the agreement of the Local Union in whose jurisdiction the work is performed, and the fringe benefit rate paid will be the higher of the rates of the key employee's home Local or the Local where the work is being performed.

If the above requirements are met, the employer shall be allowed to bring in key employees as the third, sixth, ninth and twelfth person hired; where the job requires fewer than twelve employees, key employees will be allowed according to this formula until the job's staffing requirements are met. Under no circumstances will a key employee be allowed to serve as a master mechanic or foreman unless such is agreed to at the pre-job. In order to be a "key employee" the individual in question must be an operating engineer employee who: 1) regularly and customarily works for the employer whenever it has work or has been employed by the employer within the past six months; and 2) because of his or her knowledge, training, special skills and/or experience is critical to the success of a particular job.

The principle of "money follows the employee" shall

govern pension, annuity, and health and welfare contributions for all traveling employees, and a copy of the trust fund remittance reports will be provided to the Local Union in whose jurisdiction the work is being performed. Contributions to all other funds will be remitted to the relevant funds of the Local Union in whose jurisdiction the work is being performed.

Failure to abide by the terms of the pre-job shall serve to revoke the clearance of the key employees. Nothing in the above three paragraphs shall limit a Local Union's ability, in exercising its discretion to clear in members of other Local Unions, to mutually agree with an employer to a different key employee arrangement.

Travel service dues collected pursuant to this Section shall have as their primary purpose the defraying of the additional administrative and collective bargaining cost incurred by a Local Union in providing services for traveling members from sister Local Unions who are working within its jurisdiction, and the International Union's cost of recording members' movements in the labor market. Payment of travel service dues is an obligation arising as an incident of membership in the International Union. Failure of a traveling member to comply with this requirement shall subject him to an appropriate penalty as provided by the International Constitution for the violation of an obligation under the Constitution. Failure of a traveling member to pay travel service dues shall not be used as a basis for any action adversely affecting employment rights, except in accordance with the terms of a valid union security agreement. Enforcement of the collection of travel service dues shall be wholly a matter of internal Union discipline.

Prior Payments of Current Dues Required

Art. XV. The consent referred to in this Article shall not **Section 3 (b).** be granted by the said other Local Union or its Business Representative, nor shall travel service dues be collected from or service dues receipts be issued to, any said

member who shall not, at the time when requesting a service dues receipt, have had his current monthly dues paid into the Local Union to which he belongs. Upon the issuance to him of the said service dues receipt the same shall always be available for inspection and certification as to its authenticity.

Applicants' Service Dues

Art. XV. In each Local Union where applicants for **Section 3 (c)**. membership engage at the craft upon work within the jurisdiction of said Local Union, the Local Union shall charge to and collect from each such applicant, applicants' service dues. Such dues shall be charged only so long as the applicant has not tendered full initiation fees and has not complied with the same requirements for admission generally applicable to other members. In no case, however, may applicants' service dues be charged for more than twelve (12) months after an individual has become an applicant for membership. Each Local Union retains the right to determine whether it will establish the procedure of accepting the payment of applicants' service dues as a temporary alternative to the payment of full initiation fees and regular periodic dues.

Failure by an applicant for membership to pay service dues shall not be used by the Union as a basis for an action adversely affecting the employment rights of the applicant, except in accordance with the terms of a valid union security agreement. Under no circumstances shall payment of service dues be made a condition precedent to an applicant's obtaining employment in the first instance.

Local Unions with Registered Apprentice Engineers' Subdivisions retain the right to determine if the provisions of this Section shall apply to Registered Apprentice Engineers during the probationary period prior to their initiation into the Registered Apprentice Engineers' Subdivision.

Amount of Applicant Service Dues

Art. XV.
Section 3 (d). Each Local Union shall charge to and col-

lect from all those persons within its territorial jurisdiction to whom this Article applies, applicant service dues in a minimum amount of two dollars (\$2.00) per week, and, in addition, any amount paid by members of the Local Union as administrative, supplemental or working dues, or the monthly equivalent of said sum. The maximum amount of service dues to be charged and collected shall be five dollars (\$5.00) per week or the monthly equivalent of said sum and, in addition, any amount paid by members of the Local Union as administrative, supplemental or working dues. In lieu of said amount, a Local Union may elect to charge and collect applicant service dues in an amount not to exceed the weekly equivalent of the amount of regular dues paid by members of the Local Union. Upon payment of the proper dues, there shall be issued an applicant service dues receipt for each applicant for membership.

Amount of Travel Service Dues

Art. XV. Each Local Union shall charge to and collect **Section 3 (e).** from all persons within its territorial jurisdiction to whom this Article applies, travel service dues in the amount of five dollars (\$5.00) per week, and, in addition, any amount paid by members of the Local Union as administrative, supplemental or working dues, or the monthly equivalent of said sum. In lieu of said amount, a Local Union may elect to charge and collect travel service dues in an amount not to exceed the weekly equivalent of the amount of dues, including regular dues and administrative, supplemental or working dues, paid by members of the Local Union. Upon payment of the proper dues, there shall be issued a travel service dues receipt for each traveling member.

Form of Service Dues Receipt & Distribution of Copies

Art. XV. The form of the service dues receipt issued **Section 3 (f).** to traveling members and to applicants shall be substantially as follows:

In case of applicants for membership the information required above with reference to register number and Local Union data shall be omitted.

Each service dues receipt shall be printed in duplicate labeled "Original" and "Duplicate." The original shall be issued to the member, the duplicate shall remain bound in the Service Dues Book.

Printing and Distribution of Service Dues Book

Art. XV. The General Secretary-Treasurer shall cause **Section 3 (g).** the service dues receipts described herein, for those Local Unions that do not utilize electronic data processing for processing service dues payments, to be printed and made available to Local Unions.

Art. XV. The General Executive Board is authorized **Section 3 (h).** and empowered to establish, amend, alter and administer the terms, conditions, and rates under which the service dues receipts herein provided shall be issued and enforced. No service dues receipt as described in this Article shall be issued to or used by any person who is not, at the time, either a member of the International Union of Operating Engineers or an applicant for membership therein, and the attempted issuance of such a service dues receipt above referred to by any officer or employee of the organization to any other person than those described herein shall be unauthorized, null and void. Registration fees, if charged by a Local Union, must bear a reasonable relationship to the service provided to the registrant by the Local Union and shall not be in excess of the fixed monthly dues.

Data Processing Service Dues

Art. XV. Local Unions that employ electronic data **Section 3 (i).** processing equipment may systematize the processing of service dues, including computer-generated service dues receipts.

Withdrawal Cards

Art. XV. Any member of the International Union who
Section 4 (a). ceases to perform the work of an engineer may request and, at the option of his Local Union, be given a withdrawal card; but no withdrawal card shall be issued to any member of the International Union who is employed as an engineer. This section, however, shall not apply to any members of the International Union who are serving or acting in any capacity for a Local Union or the International Union, whose duties prevent them from working at the trade, or engineers who hold positions as inspectors of boilers or other machinery, or examiners of engineers.

Art. XV. A fee of not to exceed Five (\$5.00) Dollars
Section 4 (b). may be charged for each withdrawal card.

Art. XV. Local Unions shall purchase withdrawal
Section 4 (c). cards from the General Secretary-Treasurer. When a holder of such card desires to reinstate himself in full good standing membership, he shall present this card and it shall be acted upon in the same manner as hereinbefore provided in the case of clearance cards.

Art. XV. Any member entering a Local Union on a
Section 4 (d). withdrawal card shall pay the difference in initiation fee as hereinbefore provided in the case of clearance cards. If he shall enter said Local Union within a period of time less than thirteen (13) months dated from the month in which the withdrawal card was issued, he shall be required to pay all dues and assessments accruing in such period of time in the Local Union which issued the same, and said dues and assessments shall be paid to the Local Union admitting the member and shall be forwarded to the Local Union which issued the withdrawal card. At the same time he shall pay an assessment of Ten (\$10.00) Dollars or such amount as shall be fixed by the General Executive Board, Fifty (50) per cent of which assessment

shall be forwarded by the Local Union to the General Secretary-Treasurer. Members who enter said Local Union during the thirteenth (13th) month following the month in which the withdrawal card was issued shall be considered as having been on withdrawal for exactly one (1) year.

If the member shall enter said Local Union after more than thirteen (13) months since the issuance of the withdrawal card, he shall pay an assessment of Ten (\$10.00) Dollars or such amount as shall be fixed by the General Executive Board, and a similar amount for each successive year or part thereof. Fifty (50) percent of which assessment shall be forwarded by the Local Union to the General Secretary-Treasurer. Provided, however, the total payment so required shall not exceed the amount of the regular current initiation fee in the Local Union to which the application is made.

All members of the International Union who have been granted withdrawal cards by their Local Unions and were then in good standing in the Death Benefit Fund may continue their good standing therein by paying on or before June 1 of each year, in advance and directly to the General Secretary-Treasurer, the sum of Nine (\$9.00) Dollars per annum; but they shall not be in good standing in any other respect. Provided, however, members initiated on or after July 1, 1973, shall not participate in the Death Benefit Fund.

Art. XV. However, members holding withdrawal **Section 4 (e).** cards and desiring to continue in good standing in the Death Benefit Fund must make application to the General Secretary-Treasurer within thirty (30) days from the date the withdrawal card was issued and he must be paid up to and including the month of his death, or his death must have occurred within thirty (30) days after his dues and obligations shall have become due and payable, in order that his beneficiary may be entitled to the death benefits. In the event any member granted a withdrawal card violates any of the Articles of this Constitution, any Local Union or the General Executive Board shall cancel said withdrawal

card, and he and his beneficiaries automatically lose his and their rights under the Death Benefit Fund.

General Office Membership

Art. XV. When a Local Union has lapsed, been dissolved, suspended or had its charter revoked, **Section 5.** or has otherwise become inoperative, any member thereof who was in good standing at the time of such dissolution, suspension or revocation shall become a member of the General Office Membership, provided that within thirty (30) days from the date of such dissolution, suspension or revocation he pays to the General Secretary-Treasurer any unpaid dues or other obligation due to said Local Union from him, or due to the International Union from said Local Union in his behalf, including per capita tax, together with a fee of Five (\$5.00) Dollars, or such other fee as may be fixed by the General Executive Board, and at the same time makes application to the General Secretary-Treasurer for a transfer card to another Local Union as provided for in Section 1 of this Article; and he shall remain in the General Office Membership only until his transfer card is accepted by another Local Union, and while a member of the General Office Membership he shall pay dues to the General Office, monthly in advance, in the amount of Five (\$5.00) Dollars per month or such other amount as may be fixed by the General Executive Board. The General Secretary-Treasurer may suspend or expel any such member for non-payment of dues to the General Office or for any violation of the Constitution.

Junior and Assistant Engineers' Subdivision Clearance Cards

Art. XV. Any member of a Junior and Assistant Engineers' Subdivision desiring a Junior and Assistant Engineers' Subdivision clearance card for the purpose of transferring his membership to another Junior and Assis-

tant Engineers' Subdivision of another Local Union, shall do so in the same manner as prescribed in Section 2 of this Article, provided the Local Union in which he is a member of the Junior and Assistant Engineers' Subdivision shall, by a majority vote, consent to the issuance of said clearance card.

ARTICLE XVI

DISCIPLINE AND EXPULSION IN GENERAL

Penalty for Issuing Defamatory Literature

Art. XVI. In addition to the provisions of this Constitution setting forth the causes and the manner and form in which Local Unions, officers and members thereof may be disciplined and penalties may be invoked, any Local Union, subdivision or member thereof publishing or circulating literature of a defamatory nature in violation of their responsibility toward the International Union or any of its subordinate bodies as an institution, or engaging in conduct that would interfere with the performance by the International Union or any of its subordinate bodies of their legal or contractual obligations, may be tried by the General Executive Board upon charges filed with it, and upon conviction, may be disciplined or expelled as the General Executive Board may determine.

Penalty for False Applications

Art. XVI. Any person making a misrepresentation or **Section 2.** misstatement in his application for membership, or who shall belong to more than one Local Union of this organization, shall, on trial therefor and conviction thereof, be expelled from the International Union of Operating Engineers.

General Executive Board May Prosecute

Art. XVI. Any violation of the Constitution, Laws, **Section 3.** Obligation and Ritual, or the rules, regulations and edicts issued by any officer or subdivision hereunto authorized by any member, subdivision or officer, may, if

not prosecuted by the subdivision thereunto authorized, or if no provision has been made therefor, be prosecuted, heard and penalized by the General Executive Board.

Penalty for Radicalism, Etc.

Art. XVI. Any member who is found guilty after trial
Section 4. of advocating or otherwise supporting the overthrow of the established order, either of the Government or of this organization, by force or violence or subversive tactics, shall forthwith be expelled from membership or otherwise disciplined as the circumstances may require, which action may be taken and penalty imposed by either the Local Union of which the guilty party is a member or by the General President.

Charges by General Officers

Art. XVI. Any General Officer may file charges in any
Section 5. Local Union against any member thereof.

Good Standing Required of Officers

Art. XVI. No person shall become or remain President,
Section 6. Vice President, Secretary, Treasurer, Business Manager, Business Agent or other officer or representative of any Local Union unless he is a member thereof in good standing. In the event such person shall cease to be a member in good standing or holds a withdrawal card, he shall be disqualified from further serving in such official capacity and the exercise by him of all rights, powers, privileges, authority and duties connected with his office shall automatically be revoked and cease.

Violations of Welfare Plans Administration

Art. XVI. Where a salaried union official serves as
Section 7. employee representative or trustee in the administration of a health, welfare, retirement, training or

death benefit program, or any other fund of a similar nature, such service should be regarded as one of the functions expected to be performed by a union official in the normal course of his duties and not as an extra function requiring further compensation, over and above his salary, from the funds of such programs. Therefore, officials who already receive full time pay from their union shall not receive fees or salaries from the funds of such programs. However, the provisions of this Section shall not bar the receipt of per diem and other reasonable expense allowances for such positions. Union officials, employees, or any other persons acting as agent, representative or officer of the union who exercise responsibility or influence in the administration of health, welfare, retirement, training or death benefit programs or any other fund of a similar nature, or the placement of insurance contracts must be entirely free of any compromising personal ties, direct or indirect, with outside agencies such as insurance carriers, brokers, consultants and others doing business with the welfare and death benefit plans. Such ties cannot be reconciled with their duty to be guided solely by the best interests of the membership in any transactions with such agencies. Any union official found to be involved in such ties to his own personal advantage, or to have accepted inducements, benefits or favors of any kind from such outside agencies, or who induces or directs associates or subordinates to accept financial participation and remuneration from health, welfare, retirement, training or death benefit programs or any other fund of a similar nature shall be deprived of privilege to hold office in Local Unions and the International Union.

ARTICLE XVII APPEALS

Appeals to General Executive Board

Art. XVII. Any General Officer who shall have filed **Section 1 (a).** in a Local Union charges against a member thereof, and any officer or member of a Local Union, may

appeal to the General Executive Board from the adoption of an action by said Local Union, or from a decision rendered by the General President, where such action or decision is not committed to the exclusive discretion of the Local Union or a particular officer. Any Local Union or member thereof which belongs to a Local, State or Provincial Organization, Joint Executive Board or District Council may appeal to the General Executive Board from an act or decision of said Local, State or Provincial Organization, Joint Executive Board or District Council. Notice of such appeal must be in writing and received by the General Secretary-Treasurer within thirty (30) days from the date of the adoption of said action or the rendition of said decision by the General President.

Requests to modify, continue, amend, withdraw or invoke International Supervision, together with official actions or inaction thereon shall constitute appealable matters and be processed in the manner and form regulating appeals under the Constitution. Any such request, when signed by not less than twenty-five (25) percent of the members in good standing of a Local Union, shall cause a referendum on the subject to be submitted to the membership by the General President, who shall be guided by the results thereof in his decision on the question involved therein.

Art. XVII. The party making such appeal must file with **Section 1 (b).** the notice of appeal a written statement covering the decision of the General President complained of, together with sufficient facts to permit the General Executive Board's consideration of the same, or a complete statement of the evidence, exhibits and decision in the case of an appeal from the act of a Local Union or subdivision herein referred to, and at the same time file a copy of said evidence, exhibits and decision with the said Local Union or subdivision affected. The General Secretary-Treasurer shall thereupon notify the party against whom the appeal is taken, which party shall be allowed thirty (30) days

from such notice within which to file an answer or defense. When both parties have properly filed the matters hereinbefore required, or upon the expiration of the period allowed for such filing, the General Executive Board shall proceed to hear the appeal, either upon the record or upon retrial, or both, and render its decision thereon.

Art. XVII. All interpretations and decisions by the **Section 1 (c).** General Executive Board involving the organic law of the International Union of Operating Engineers shall be subject to review only by the General Convention, and all findings of facts by the General Executive Board shall be final, conclusive and binding.

Appeals to General Convention

Art. XVII. Any subdivision within the International **Section 2.** Union of Operating Engineers, and any officer or member thereof, and any General Officer may appeal from the decision of the General Executive Board to the General Convention. Notice of such appeal, together with a complete statement of the record, findings and exhibits in the case must be filed within thirty (30) days from the rendition of a decision by the General Executive Board by delivery of said documents and notice of appeal to the General Secretary-Treasurer.

Pendency of Appeals

Art. XVII. Except as otherwise provided in this Con- **Section 3.** stitution, pending the termination of any appeal, the action or decision appealed from shall remain in full force and effect.

All Court Actions Superseded

Art. XVII. To the extent not limited by law, no suit **Section 4.** or other action at law or equity shall be brought in any court and no proceeding shall be initi-

ated before any administrative agency by any member, officer or subdivision of the International Union of Operating Engineers until and unless all rights, remedies and reasonable provisions for hearing, trial and appeal within the Organization shall have been properly followed and exhausted by the member, officer or subdivision complaining. This provision shall only require resort to internal remedies for a period not exceeding four (4) months.

ARTICLE XVIII METHODS OF AMENDING AND REVISING CONSTITUTION AND INVOKING INITIATIVE AND RECALL

Amending Constitution at General Convention

Art. XVIII. The Constitution may be amended or revised at a General Convention provided the proposal to amend or revise be made in writing and be filed with the General Secretary-Treasurer not less than seventy-five (75) days prior to the date of the calling of said Convention. Such proposal to amend or revise the Constitution shall emanate from a Local Union in good standing or a General Officer of the Organization and must bear the seal of the Local Union or General Officer proposing the same. The General Secretary-Treasurer shall submit all such proposals properly filed with him to the General Executive Board and to all Local Unions in good standing not less than thirty (30) days prior to the date of the General Convention.

Initiative and Recall

Art. XVIII. Whenever forty (40) percent of all Local Unions in good standing and representing at least forty (40) percent of the entire membership of the International Union in good standing, by a majority vote of the entire membership of each, shall file with the General

Secretary-Treasurer a petition requesting the recall from Office of any General Officer, the General Secretary-Treasurer shall thereupon submit the same to the membership and a vote shall be taken thereon. Upon receipt of such petition the General Secretary-Treasurer shall set the time within which the Local Unions shall vote. No recall petition shall prevail unless there shall be cast thereon the votes of not less than fifty-five (55) percent of the entire membership of the International Union in good standing and a majority vote of the entire membership in good standing cast in favor thereof.

Method of Voting

Art. XVIII. The voting upon any proposition arising
Section 3. under this Article shall be conducted by the General Secretary-Treasurer upon tally sheets and ballots transmitted by the General Secretary-Treasurer to the Local Unions. Ballots shall be transmitted by the Local Unions to all members in good standing. The referendum shall be conducted by mailed secret ballot. Adequate safeguards to insure a fair vote shall be provided by the Local Union in accordance with the International Constitution, applicable law and such rules and regulations as may be promulgated by the General Executive Board. The General Executive Board shall appoint three (3) tellers and retain a Certified Public Accountant to certify and announce the results of the voting on the basis of the tally sheets transmitted to them by the Local Unions. After the vote shall have been taken by the Local Unions in the manner herein prescribed, the report of said vote upon the tally sheets shall be transmitted by the Local Unions to the tellers and a Certified Public Accountant appointed by the General Executive Board, and the tellers and Certified Public Accountant shall report the result of said vote to the General Secretary-Treasurer, who shall cause it to be published in the next issue of the Journal.

ARTICLE XIX

DEFENSE FUND, LOCKOUTS AND STRIKES

Defense Fund

Art. XIX. There shall be a Defense Fund which shall be drawn upon for the purpose of defending the International Union and its members in efforts to prevent lockouts and strikes, by assisting in sustaining the members in cases of lockouts and authorized strikes, in protecting and defending the International Union and its members in any legal proceedings brought against it or its members, to employ counsel, and for any other purpose which the General President, subject to the approval of the General Executive Board, shall deem necessary for the further protection of the International Union and its members.

Lockouts and Strikes

Art. XIX. Where a Local Union is engaged in a strike, or reports a lockout, including lockouts caused by strike action of an affiliated union, and in either event the Local desires strike benefits from the International Union, it shall make application to the General President's office. Upon the General President's approval of the request for strike benefits for good cause shown, he shall instruct the General Secretary-Treasurer to remit to the Financial Secretary of the Local Union involved, strike benefits in the amount of not less than \$150 per week per member affected, for the purpose of assisting in sustaining such Local Union during the pendency of the lockout or strike. Payment of strike benefits shall not indicate ratification by the International Union of the Local's strike or strike conduct or the conduct of any individual participating in the strike. The continuance of such payments shall be until further order of the General President, subject to a review by him in the event the strike or lockout exceeds thirty (30) days.

Strike Benefits

Art. XIX. No financial assistance shall be given to
Section 3. any Local Union or Unions until a period of one (1) week has elapsed from the time a lockout or strike began; but thereafter it shall continue for such period of time as in the judgment of the General President may be necessary. Those members entitled to strike benefits shall be reported to the General President by the Financial Secretary of the Local Union or Unions involved in such lockouts or strikes on forms provided for such purpose by the General Secretary-Treasurer. No strike benefits shall be paid to any member who is not actually a striker or a victim of a lockout, and such benefit shall cease when the member involved secures employment.

ARTICLE XX DEATH BENEFITS

Art. XX. All death benefits or claims shall be paid
Section 1. from the Death Benefit Fund in conformity with the provisions of this Article only, and no other funds or property of the International Union shall be liable for the payment thereof, nor shall the International Union be liable beyond the amount at any time available in the Death Benefit Fund.

Art. XX. Effective August 1, 1968, the amount of
Section 2. death benefits payable to the beneficiary or beneficiaries of a member who has been granted a withdrawal card prior to that date shall be computed on the basis of the number of years such member has been in good standing as of August 1, 1968, and shall not thereafter be increased during the period such member remains on withdrawal card. The amount of the death benefits payable to the beneficiary or beneficiaries of a member who is granted a withdrawal card on or after August 1, 1968, shall be computed on the basis of the number of

years such member has been in good standing as of the date on which the withdrawal card is granted, and shall not be increased thereafter during the period such member remains on withdrawal card.

Death benefits are payable only upon the death of a member in good standing who was initiated prior to July 1, 1973.

All death benefits which have been accumulated by members in good standing on or before July 1, 1973 are frozen as of that date and no further benefits accrue.

Death benefits shall be paid to beneficiaries as follows and not otherwise:

Class I. Beneficiaries of members who on July 1, 1973 have been in good standing for a period of one (1) year to five (5) years shall receive One Hundred (\$100.00) Dollars and this amount shall not thereafter increase.

Class II. Beneficiaries of members who on July 1, 1973 have been in good standing for a period of five (5) years to ten (10) years shall receive Two Hundred (\$200.00) Dollars and this amount shall not thereafter increase.

Class III. Beneficiaries of members who on July 1, 1973 have been in good standing for a period of ten (10) years to fifteen (15) years shall receive Four Hundred (\$400.00) Dollars and this amount shall not thereafter increase.

Class IV. Beneficiaries of members who on July 1, 1973 have been in good standing for a period of fifteen (15) years to twenty (20) years shall receive Five Hundred (\$500.00) Dollars and this amount shall not thereafter increase.

Class V. Beneficiaries of members who on July 1, 1973 have been in good standing for a period of twenty (20) years or more shall receive Seven Hundred Fifty (\$750.00) Dollars and this amount shall not thereafter increase.

Art. XX. For the purpose of establishing and maintaining a right to benefits under this Article,
Section 3. a member in good standing is a member who is not suspended by the operation of any section of this Article or of any other Article of this Constitution, and who also has paid his dues and all other obligations to the date of his death, or whose death has occurred within thirty (30) days after said dues and obligations shall have become due and payable.

Art. XX. The beneficiaries of members who transfer
Section 4. from one Local Union to another, and who remain in continuous good standing, shall receive benefits the same as though the member had continuously remained a member of the same Local Union.

Art. XX. Any member who was suspended or expelled from a Local Union or by the General Executive Board, for any reason whatsoever, and later became reinstated, must have been a member in good standing for one year after his reinstatement before his beneficiaries are entitled to death benefits, and then his beneficiaries shall be entitled to the amount only in his class according to the length of time that he was a member in good standing after such reinstatement. Provided, however, members reinstated on or after July 1, 1973, shall not participate in the Death Benefit Fund.

Art. XX. The beneficiaries of any member who becomes suspended or expelled by his Local Union or the General Executive Board, for any cause whatsoever, lose their right to death benefits unless said member has complied with Section 5 of this Article.
Section 6.

Art. XX. The Financial Secretary of each Local Union
Section 7. shall keep the General Secretary-Treasurer advised in his monthly report to the General Office of all

additions to their membership, and all deductions, and such additional members shall be entitled to benefits as mentioned in this Article.

Art. XX. The members of any Local Union two (2) months in arrears with its per capita tax to the International Union shall be suspended from all benefits accrued in the Death Benefit Fund under this Article, until such times as the Local Union pays its arrearages of per capita tax, and has complied with all other obligations provided in the Constitution, and has been reinstated; and from the date of reinstatement the members of such Local Union shall be entitled to again begin to accrue benefits, and in case of death of any such member occurring not less than one (1) year after such reinstatement, his beneficiaries shall be entitled to the payment of benefits designated according to the class that the deceased member had established at the time of his death and from the date of such reinstatement of his Local Union.

A member of a Local Union which has withdrawn, lapsed, dissolved, been suspended or expelled, or whose charter has been revoked, if such member is in good standing in his Local Union on the date of such withdrawal, lapse, dissolution, suspension, expulsion or revocation of charter, shall not forfeit or waive any of his accrued benefits earned in such Local Union, but such accrued benefits shall be continuous with that earned after transfer to another Local Union; provided, such member shall within thirty (30) days cause to be invoked and have made use of the privilege accorded such member to transfer to another Local Union in accordance with Article XV of this Constitution.

Who Shall Be Beneficiaries

Art. XX. A member may change his designation of beneficiary as often as desired by written request filed with the Recording-Corresponding Secretary of his Local Union, or in the case of a member holding a

withdrawal card and who has qualified under the provisions of Article XV, Section 4(e) of this Constitution, with the General Secretary-Treasurer. Such designation, and/or change, will take effect as of the date of the execution of such request, whether or not the member be living at the time of such filing, but without prejudice to the International Union on account of any payment made by it before receipt of such request.

Except as may otherwise be specifically provided by the member:

- (1) if more than one beneficiary is designated, the designated beneficiaries will share equally;
- (2) if any designated beneficiary predeceases the member, the share which such beneficiary would have received if living will be payable equally to the remaining designated beneficiaries, if any, who survive the member; and
- (3) if no designated beneficiary survives the member, payment will be made to the member's widow or widower if surviving the member; if not surviving the member, in equal shares to the member's children who survive the member; if none survives the member, to the member's parents, equally or to the survivor; if neither survives the member, in equal shares to the member's brothers and sisters who survive the member; or if none survives the member to the member's executors or administrators. When a member designates his or her spouse as beneficiary and thereafter the marriage to that designee is terminated by divorce, it shall be presumed, in the absence of evidence to the contrary, that the designation of the spouse as beneficiary is revoked.

Art. XX. All claims shall be made for said death benefit within a period of sixty (60) days from the date of death. The beneficiary shall present, within the sixty-day (60) period, to the Secretary of the Local Union a death certificate signed by the proper authority authorized

to issue death certificates, if there be one, together with an affidavit of the claimant showing the relationship of the deceased to the beneficiary, and stating who is entitled to said payment, and identifying the person named in accompanying death certificate as the same person named in said death certificate.

The Financial Secretary of said Local Union shall thereupon promptly forward said documents to the General Secretary-Treasurer. The General Secretary-Treasurer shall then check said claim with the list of members in good standing as otherwise herein provided, and shall remit within a reasonable time, upon reasonable proof of death, to the beneficiary, through the Local Union of which he was a member, the amount of the benefit due said beneficiary.

Art. XX. Immediately upon the death of a member,
Section 11. the Financial Secretary of the Local Union shall notify the General Secretary-Treasurer by mail, and on the established form of certificate of death furnished by him, giving the name, address, register number, the date of the last payment of dues to the Local Union and the month paid for by the deceased, his age, date of death and date of initiation, and any other information required, including the name or names, addresses and relationship of his beneficiaries, all to be properly certified to by the President and Financial Secretary of the Local Union with its seal affixed.

Art. XX. No suit shall be brought against a Local
Section 12. Union or member and no Local Union or member thereof shall be liable for the death benefit herein provided for. The General Secretary-Treasurer shall have the authority to investigate the legality of any claim, and the President and Financial Secretary of any Local Union out of which a disputed claim originates shall, upon demand by the General Secretary-Treasurer, furnish a sworn statement concerning said claim. Any Financial Secretary of any Local Union altering the dues book and/or card of any member or

deliberately reporting him suspended when he should not have been, or fraudulently recording any payment of dues for a deceased member after his death, shall be expelled and forever barred from membership in the International Union, and the Local Union shall be fined the amount due the beneficiary of such deceased member, subject only to the right of appeal to the General Executive Board and from their decision to the Convention of the International Union.

Art. XX. The General Secretary-Treasurer shall cause
Section 13. to be published in each issue of the journal the names and Local Union of those who have died, the cause of death of the member, and the amount paid and to whom paid. After this plan is adopted, it is understood that members who allow themselves to become suspended or expelled from the International Union lose all rights whatsoever that they may enjoy under this plan.

Art. XX. The provisions of this Article shall prevail
Section 14. over any other Article of this Constitution which may conflict with this Article. In the event it becomes expedient for the General Executive Board to amend the rules governing the operation of this Article, they shall do so, as may to them seem necessary, and the changes shall be binding upon the members. All of the provisions of this Article are to be construed together.

ARTICLE XXI JOINT EXECUTIVE BOARDS

Section 5. meeting of the Joint Executive Board shall immediately thereafter be sent to the General President by the Secretary-Treasurer of the Joint Executive Board.

ARTICLE XXII DISTRICT COUNCILS

The General President, subject to the approval of the General Executive Board, shall have the authority to issue

rules governing the affairs, conduct, activities, property and finances of District Councils and governing the suspension, expulsion and termination of such Councils. Such rules shall define the power of the General President, or his designee, with respect to disciplinary action against such Councils or their officers and shall provide for appeals to the General Executive Board and to the Convention from disciplinary action taken. However, such rules shall provide that actions and decisions appealed from shall remain in full force and effect pending any appeal.

ARTICLE XXIII STATE, INTERSTATE AND PROVINCIAL ORGANIZATIONS

Formation

Art. XXIII. State, Interstate and Provincial Organizations may, with the consent of the General President, be formed in any State or Province having three or more Local Unions, or in combinations of States or Provinces, provided that the organizer thereof has notified all Local Unions in said State or Province at least thirty (30) days prior to the filing of a petition therefore with the General Secretary-Treasurer.

Officers

Art. XXIII. The officers of a State, Interstate, or Provincial Organization shall consist of a President, Vice President, Secretary-Treasurer, and three (3) Trustees. Their term of office shall begin at the convention of the State, Interstate or Provincial Organization to which they shall have been elected and continue for one (1) year, or until their successors are elected and qualified, but in no event shall be for more than four (4) years. Not more than two (2) of the officers described herein shall hold membership in any one (1) Local Union affiliated with a State, Interstate or Provincial Organization.

Executive Boards

Art. XXIII. State, Interstate and Provincial Organizations may provide for the creation of State, Interstate or Provincial Executive Boards consisting of the President, Vice President, Secretary-Treasurer, and the three (3) Trustees. Art. XXIII. Local Unions belonging to State, Interstate or Provincial Organizations shall be entitled to one (1) delegate for three hundred (300) members or less, together with one (1) delegate or one (1) vote for each succeeding three hundred (300) members or majority fraction thereof. No delegate shall be permitted to represent more than one (1) Local Union. In no case shall a Local Union be entitled to more than six (6) votes.

Powers

Art. XXIII. State, Interstate and Provincial Organizations shall have power to adopt, with the consent of the General President and not in contravention of this Constitution, such laws as will assist them in organizing, protecting and strengthening the Local Unions belonging thereto, and their officers shall be held responsible for compliance with all requirements of the Constitution, Obligation and Ritual of the International Union.

Meetings

Art. XXIII. State, Interstate and Provincial Organizations shall meet in general convention annually upon a date set by the preceding convention or by the State, Interstate or Provincial Executive Board or, in the

event a date has not been so fixed, by a vote by the majority of the Local Unions affiliated with said State, Interstate or Provincial Organization.

Art. XXIII. Copies of the minutes of each General Convention and of each meeting of the State, Interstate or Provincial Executive Board shall be transmitted to the General President by the Secretary-Treasurer of the State, Interstate or Provincial Organization immediately following the holding of any meeting thereof. The word "Provincial" as used in this article shall include "Inter-Provincial" Organizations.

Bonding

Art. XXIII. Every officer, employee or other representative of a State, Interstate or Provincial Organization who handles funds or other property thereof shall be bonded for the faithful discharge of his duties in such amount and as otherwise required by applicable law. The expenses of such bond shall be paid by the State, Interstate or Provincial Organization.

ARTICLE XXIV GOVERNMENT OF LOCAL UNIONS

The laws, rules and procedures by which Local Unions shall conduct their affairs shall be as follows:

ART. XXIV – SUBDIVISION 1 OFFICERS

Titles

Art. XXIV. The officers of a Local Union shall be the **Subdiv. 1.** President, Vice President, Recording-Corresponding Secretary, Financial Secretary, and Treasurer. There shall also be three (3) Trustees, who

shall not be automatically designated members of the Local Union's Executive Board by virtue of their position, but may be included on the Executive Board if the Local Union so provides in its bylaws.

A Local Union may provide in its bylaws for a Business Manager, in which case he shall be elected and be an officer. Where a Local Union has a business representative, an agent, an assistant, or more than any one of these, then such Local Union must elect a Business Manager. He shall appoint all committees of the Local Union unless otherwise provided for in the Local Union's bylaws.

The Business Manager shall be the chief executive officer of a Local Union. He shall appoint any and all representatives, agents, and assistants, whose wages and allowances shall be determined as provided in the Local Union's bylaws. They shall work directly under his supervision. He may terminate them at any time. Should the Business Manager discharge any such employee, then said employee shall not be reemployed or paid by the Local Union in any capacity during the term of office of such Business Manager, unless his prior approval has been given.

Because of the special burdens and heavy responsibilities imposed on the Business Manager of a Local Union, no member shall be eligible for election to, be elected to, nor hold the office of Business Manager, unless he shall have been continuously in good standing in the Local Union electing him for a period of two (2) years preceding the month of nominations, in addition to fulfilling the qualifications for other Local office.

Officers of a Local Union may not seek, be elected to or hold more than two (2) offices in the Local Union and any two (2) offices may be combined and be held by one person, except that the offices of Financial Secretary and Treasurer shall not be combined or be held by the same person. In addition to the constitutional officers enumerated above, a Local Union shall elect three (3) auditors, a conductor, and a guard, and may also elect or appoint

such committees and delegates, other than delegates to the General Convention and to State, Interstate or Provincial Organizations, as it deems advisable, consistent with applicable law.

Terms of Office and Conditions of Eligibility

Art. XXIV. The terms of all Local Union officers shall
Subdiv. 1. be three (3) years, except that when and if
Section (b). permitted by applicable law, the terms of Local Union office may be four (4) years. No member shall be eligible for election, be elected, nor hold office unless he shall have been a member continuously in good standing in the Local Union electing him for one (1) year preceding the month of nominations; and provided that no member shall be eligible for election, be elected, nor hold office unless he shall also have been a member of the organization for two (2) years immediately prior to election. The Recording-Corresponding Secretary of the Local Union must notify each candidate of his nomination to Local Union office, and the candidate must return an acceptance of nomination to the Recording-Corresponding Secretary, which acceptance must be received by the Recording-Corresponding Secretary within 10 days of the date the candidate was notified of the nomination and, in addition, shall have been in regular attendance at all regularly scheduled Local Union membership meetings and home district membership meetings held after nomination and before elections, subject, however, to a reasonable excuse based upon good cause such as physical incapacity or death in family. Local Unions may also impose in their bylaws a requirement that candidates for office must file nominating petitions in support of their candidacies signed by not more than two-hundred (200) members or two percent (2%) of the entire membership, whichever is less. Within five (5) days after the nominations have been concluded the Recording-Corresponding Secretary shall mail to each member nominated, at his last known home address, notice of his nomination and of the

office to which he has been nominated, and shall read or cause to be read the name of each nominee and identify the office to which such nominee seeks election at each regularly scheduled Local Union membership and district membership meeting held after receipt of the nominee's written acceptance of nomination. Any Local Union which has not been in existence for a period of one (1) year may elect officers for the period between the date of its organization and the next annual meeting, from among its members in good standing.

No member shall be eligible for election, be elected nor hold office who has not during the year, and in the case of one seeking the office of Business Manager two (2) years, immediately prior to the month of nominations, been continuously employed at the trade, or who has not actively sought continuous employment at the trade. This restriction, however, shall not apply to any member employed by or working for a Local Union or the International Union, or who has been assigned by his Local Union or the International Union to perform work in furtherance of the interests of organized labor, in either case in a sufficiently time-consuming capacity so as to preclude meeting the requirement of continuous employment at the trade or active seeking of continuous employment at the trade.

If no member fulfills the foregoing conditions of eligibility for a particular office, any member currently in good standing in the Local Union, and otherwise eligible, shall, upon being nominated, be eligible to be elected to, and to hold, that office.

Notwithstanding any other provision of this Constitution, no member retired from work at the trade shall be eligible for election, be elected nor hold office in any Local Union. This restriction, however, shall not be applicable to any member so retired who, at least one (1) year, and, in the case of one seeking the office of Business Manager at least two (2) years, immediately prior to the month of nominations, has ceased to accept retirement benefits and

returned, or actively and continuously sought to return, to full time work at the trade. This restriction does not prohibit or preclude the Local Union from naming any officer as "Emeritus" or from using the peculiar talents of a given retired individual for the best interests and advancement of the Local Union. No member owner/operator of an entity that employs operating engineers shall be eligible for election, be elected nor hold office in any Local Union, nor nominate candidates in any Local Union election. In those Local Unions operating under the District Administration Form of Government which provide for some Executive Board members to be elected from particular districts, the Local Union in its bylaws may impose a requirement that, in order to be eligible to run for office from a particular district, candidates must have resided within that particular district for a period up to one year preceding the month of nominations.

In the event of the death, between nomination and the time of the last meeting preceding the election, of any constitutional officer who has been nominated to office in the forthcoming election, any member of the Local Union, who is otherwise eligible, shall be eligible to be nominated and, upon his filing with the Recording-Corresponding Secretary of his acceptance of such nomination, shall be eligible to be elected to, and if elected, to hold the office to which the deceased officer had been nominated. If the death occurs after the last meeting preceding the election, nomination shall be effected by filing a statement of candidacy with the Recording-Corresponding Secretary prior to the election, but in no event more than five (5) days after the deceased officer's death.

Executive Board

Art. XXIV. The Executive Board of a Local Union shall
Subdiv. 1. be composed of the President, Vice Presi-
Section (c). dent, Recording-Corresponding Secretary,
Financial Secretary and Treasurer, and the Business Man-

ager where the Local Union has such a position, together with such other members of the Local Union as may be elected thereto by the membership of the Local Union.

Powers of the Executive Board

Art. XXIV. The Executive Board shall be the policy-making and administrative tribunal of the
Subdiv. 1. Local Union. It shall have such power as may from time to time be delegated to it by action of the Local Union, or conferred by the Constitution. All acts of the Executive Board shall be reviewable by the Local Union but shall be maintained in full force and effect, subject to revocation by action of the membership of the Local Union if taken at the next subsequent membership meeting following the adoption of the act in question. Local Unions are authorized, upon affirmative vote of the Executive Board, to pay all expenses for investigation services, employment of counsel, and other necessary expenditures in any cause, matter, case or cases where a Local Union officer, representative, employee, agent or one alleged to have acted on behalf of the Local Union is charged with any violation of any law or is sued in any civil action with respect to any matter arising out of his official duties, except if such officer, representative, employee or agent is charged with a breach of his trust to the Local Union or any member thereof, in which event he may be indemnified only if the action is terminated favorably to him.

Election of Officers

Art. XXIV. Except in Local Unions operating under District Administration Form of Government,
Subdiv. 1. the election of officers of a Local Union shall be held in the month of August, and the nominations shall be made at a regular meeting prior to the election, but in no event earlier than the May meeting preceding

the election. The installation of newly elected officers shall take place at the first regular meeting in September, unless an earlier installation is directed by the General President. The Local Union may adopt the Australian ballot system, in which event the polls shall be kept open for a period of twelve (12) consecutive hours between the hours of 6 a.m. and 10 p.m. on the date of the election, or may hold the election through referendum conducted by mail. The election shall be conducted by secret ballot. Officers shall be elected by a plurality of votes cast, except that the three (3) candidates receiving the highest number of votes for the office of Trustee and the position of Auditor shall be elected. Adequate safeguards to insure a fair election shall be provided by the Local Union, in accordance with the International Constitution, applicable law, and such rules and regulations as may be promulgated by the General Executive Board.

No candidate (including a prospective candidate) for Local Union office, and no supporter of a candidate for Local Union office, may solicit or accept any direct or indirect financial support from any non-member of the International Union of Operating Engineers or from any foundation, corporation or other entity whose funds are derived in whole or in part from any person not a member of this International Union.

Where all candidates duly nominated to Local Union elective office are unopposed for election, a Local Union may dispense with a secret ballot vote and, in such event, the Local Union may direct the Recording-Corresponding Secretary to cast one ballot for the nominees, who shall then be declared duly elected to their office. Where any single candidate is duly nominated to Local Union elective office, and he is unopposed for election to that office, a Local Union may dispense with a secret ballot vote for that office and, in such event, the Local Union need not place on the ballot the name of such candidate or the office to which he has been nominated, and may direct the

Recording-Corresponding Secretary to cast one ballot for the nominee who shall then be declared duly elected to such office.

Vacancies in Office and Removal of Officers

Art. XXIV. A vacancy in any office shall be filled by
Subdiv. 1. appointment for the unexpired term thereof,
Section (f). upon vote of a majority of the following officers, viz: President, Vice President, Recording-Corresponding Secretary, Financial Secretary, Treasurer, and the Business Manager where the Local Union has such a position. In the event the said officers shall fail to fill said vacancy within thirty (30) days after the same shall occur, then said position shall be filled by secret ballot vote of the majority of the membership in good standing present at the next regular meeting of the Local Union following the expiration of the said thirty (30) days. In order to fill a vacancy under this section, a member must, at the time of election, be in good standing with respect to payment of dues and meet the requirements contained in the second and fourth paragraphs of Article XXIV, Subdivision 1, Section (b). The office of any officer who shall fail to discharge the duties of his office for four (4) successive meetings may be declared vacant by a majority vote of the membership in good standing. Any officer or representative of a Local Union may be removed after due trial, for causes provided in this Article, upon an affirmative vote of three-fourths of the membership in good standing in the same manner and form provided in the trial of members in this Article.

Protests and Appeals

Art. XXIV. Any protest relating to the nominations and
Subdiv. 1. elections of officers, and any protest relating to the nominations and elections of delegates, must be made to the Local Union by registered mail

within thirty (30) days after the election, setting forth in writing the specific reasons for such protest. Any member making a timely protest may appeal the decision of the Local Union thereon to the General Executive Board and the General Convention in accordance with Article XVII of this Constitution. Notwithstanding the above, any protest relating to the nominations and elections of delegates conducted in January or February prior to a General Convention must be filed with the office of the General Secretary-Treasurer within fifteen (15) days after the election, setting forth in writing the specific reasons for such protest. All such protests timely filed shall be referred by the General Secretary-Treasurer to the Credentials Committee of the General Convention for consideration. An appeal from a decision of the Credentials Committee may be made to the Convention, and delegates affected thereby shall not be seated until said appeal shall have been voted thereon by the Convention.

They and any independent accountant performing an audit of the Local Union shall furnish the General President full and complete data on any subject within their control or knowledge when requested. In carrying out the duties and powers enumerated in this Section, the Auditors shall act as a Board of Auditors and no Auditor shall separately act in his individual capacity as an Auditor.

**ART. XXIV – SUBDIVISION 4
LOCAL OFFICE**

Local Unions may establish and maintain a local office or headquarters and employ any of their elected officers or such business representatives and clerks as may be deemed necessary in the management thereof and, where lawful and appropriate, may prescribe the delegation of duties of the several duly elected officers to such business representatives and clerks, together with such other duties as from time to time may be deemed advisable; provided, however, that no one person shall perform the duties of both Financial Secretary and Treasurer.

**ART. XXIV – SUBDIVISION 5
STANDING COMMITTEES**

Each Local Union shall establish a standing committee on Safety and Health and a standing committee on Legislation and Political Action, unless circumstances within a Local Union render such establishment impracticable, as well as such committees as it may desire and delegate specific duties to them. All committees shall render reports promptly to the Local Union and deliver all funds collected or held by them to the Financial Secretary, and perform such other acts and in such manner as the Local Union may from time to time direct.

**ART. XXIV – SUBDIVISION 6
PROCEDURE ON APPLICATIONS**

Applicants for membership shall be referred to a committee which may consist of the Local Executive Board in the Local Union, which committee shall investigate the character and qualifications of the applicants, and shall make a determination as to the qualifications of the applicant for membership in the Local Union. This determination shall be made on the basis of uniform standards, and shall not be discriminatory in any manner and shall be in accor-

dance with all applicable law. The applicant, if approved by the committee, shall be so notified and his name and address shall be placed on the records, and he shall be furnished a copy of the Constitution and his book and/or card of membership. If an applicant is rejected, his initiation fee shall be returned to him. A rejected applicant may reapply for membership after a lapse of ninety (90) days following his rejection.

ART. XXIV – SUBDIVISION 7 DUES, REMITTANCES, ARREARAGES, CHARGES, REINSTATEMENT AND TRIALS

How Dues Fixed

Art. XXIV. The dues required to be paid by the members to their Local Union shall be fixed by **Subdiv. 7.** a majority vote of the members in good standing, voting by secret ballot at a membership meeting, after reasonable notice of the intention to vote upon such question, or by a majority vote of the members in good standing voting in a membership referendum conducted by secret ballot, but shall not be less than the minimum dues provided under the Constitution. When the per capita tax payable to the International Union is increased pursuant to the provisions of Article XI, Section 1, the dues charged by a Local Union shall be increased in a corresponding amount in order to ensure the financial health of the International Union and its Local Unions; provided, however, that upon application of a Local Union, such increase may be waived by the General President if he determines that such waiver is necessary to protect and preserve the best interests of the Local Union.

Fixing Current Due Dates

Art. XXIV. Such dues may be fixed and charged on a **Subdiv. 7.** monthly, quarterly, semi-annual or yearly **Section (b).** basis and shall become due and payable on

the first day of the terms so fixed. Dues for any one of such terms shall be known as current dues for that term.

Good Standing Defined With Relation to Dues

Art. XXIV. No member shall be in good standing unless he has paid all current dues to the Local Union within thirty (30) days after they shall have become due and payable. No member whose dues have been withheld by his employer for payment to the Local Union, pursuant to his voluntary authorization provided for in a collective bargaining agreement, shall be declared ineligible to vote or be a candidate for office in the Local Union solely by reason of alleged delay or default in the payment of dues.

Penalties for Members in Arrears to Local Union

Art. XXIV. Members who have not tendered their current dues on or before the day such dues shall have become due and payable may be removed from employment where valid collective bargaining agreements or applicable law permits. Members who have not paid their current dues or assessments within thirty (30) days after they shall have become due and payable may upon vote of the Local Union be denied voice and vote therein, be barred from meetings or removed from committees or both, or suspended from membership.

Officers who have not paid their current dues or assessments within ninety (90) days after they shall have become due and payable may upon vote of the Local Union be removed from office.

Members who have not paid their current dues or assessments within six (6) months after they shall have become due and payable may, upon report thereof by the Financial Secretary at a regular meeting of a Local Union, be expelled by a majority vote of the members present.

The Local Executive Board is likewise authorized

and empowered to take the same action provided herein-above and to enforce the foregoing penalties for arrearages against members, whenever, upon findings by it said arrearages are found to exist, and the same authority and power is conferred upon Supervisors in charge of Local Unions under International Supervision.

No member of any Local Union shall seek to affiliate with another Local Union save in the manner and form required by the Constitution. Such member shall be required to make full disclosure to such other Local Union of his previous memberships including all facts as to any fine, penalty or other disability imposed within the organization, and existing and unsatisfied against him, and in addition such member shall strictly conform to and discharge any and all constitutional requirements governing the lifting of the said fine, penalty or disability.

In addition to the penalties hereinabove provided, Local Unions may also impose the penalties provided for the causes herein set forth. Except for failure to tender dues, no member shall be subjected to any of the penalties above enumerated unless the trial procedures set forth in Subdivision 7, Section (l)-(s) of this Article have been followed.

Other Causes for Fines, Suspensions or Expulsion

Art. XXIV. Any officer or member of a Local Union
Subdiv. 7. who becomes an habitual drunkard; who
Section (e). wrongs a fellow member or defrauds him; who commits an offense discreditable to the International Union or its subdivisions; who seeks to dissolve any Local Union or separate it from the general organization; who willfully engages in slander or libel where such slander or libel is contrary to the responsibility of every member toward the Organization as an institution or specifically interferes with the Organization's performance of its legal or contractual obligations; who violates the trade rules of the locality in which he is working; who fraudulently receives, misapplies, converts or embezzles the funds of

any subdivision of the International Union or the monies of any member entrusted to him; who violates his obligation or any section of the Constitution, Rules, Edicts and Ritual of the International Union; who divulges the password to anyone except the officer authorized to receive the same; who is guilty of insubordination; or who refuses to acknowledge or perform the lawful command of those authorized within the International Union to issue the same, may be disciplined or, upon trial therefor and conviction thereof, be fined, suspended or expelled from his Local Union.

Any member working contrary to a declared strike or the rules established by the Local Union by reason of a lockout shall, upon trial and conviction thereof, be subject to a fine of not less than Twenty-five (\$25.00) Dollars, or expulsion, or both. His name shall be reported to his Local Union, which shall enforce this Section, charge and collect the fine so imposed, under penalty of expulsion. Local Unions shall have the power to fix such other offenses as from time to time may be determined by them. Notwithstanding the foregoing provisions of this Section, the penalty prescribed upon a traveling member shall not exceed that amount normally imposed by a Local Union against its own members who have been found guilty of a similar offense or violation.

Payment of Fines

Art. XXIV. All fines legally levied or imposed shall be
Subdiv. 7. charged by the Financial Secretary against
Section (f). the member from whom due and must be paid by the member involved to the Financial Secretary within thirty (30) days. Wherever a fine is imposed upon a member, his sentence shall automatically be read to incorporate the following provisions. Members thirty (30) days in arrears in the payment of fines shall be denied voice and vote in their Local Union, and thereafter until the fine is paid no dues owed by such member can be received or

accepted by the Local Union. Such refusal to accept dues shall not, however, form the basis for removal from employment unless authorized by law. Members sixty (60) days in arrears in the payment of fines shall be removed from committees, barred from meetings and suspended from membership. Members ninety (90) days in arrears shall be removed from office. Members six (6) months in arrears shall be expelled from membership. In addition to the penalties provided for herein, Local Unions are authorized to secure the payment of fines through appropriate legal proceedings.

Where Other Local Unions are Involved

Art. XXIV. Any fines levied by any Local Union on a member of another Local Union shall be reported to and entered upon the books of the Local Union to which he belongs, which shall charge the same to and collect from the member involved. Upon collection of the same such Local Union shall forward the money to the Local Union which levied the same. Failure to transmit such fine as provided shall provide grounds for suspension of the charter of the Local Union charged with such duty.

Reinstatement of Suspended Members

Art. XXIV. A member who has been suspended under the provisions of this subdivision may be restored to membership in good standing and to his membership number only by making application together with the payment of all dues, assessments and fines then in arrears, the reinstatement assessment and in addition an amount equal to three (3) months' dues. When all the foregoing requirements have been fulfilled by the applicant, notice thereof shall be given by the Financial Secretary to the General Secretary-Treasurer on the next monthly report, accompanied by the reinstatement assess-

ment and other charges due thereon. However, in cases where the cost of reinstatement exceeds the amount of the current initiation fee, the Local Union may accept such individuals as new members.

Reinstatement of Expelled Members

Art. XXIV. A member who has been expelled for any
Subdiv. 7. of the causes provided in this Article may
Section (i). be restored to membership in good standing and to his membership number only by application therefor on the form furnished by the General Secretary-Treasurer, together with the payment of all dues, assessments and fines in arrears, the reinstatement assessment and, in addition, an amount equal to six (6) months' dues. When all the foregoing requirements have been fulfilled, and the Local Union shall have granted such application pursuant to the procedure on applications contained in Article XXIV, Subdivision 6, notice thereof shall be given by the Financial Secretary to the General Secretary-Treasurer on the next monthly report, accompanied by all documents, reinstatement assessment and other charges due thereon. The affiliation with a Local Union of any person previously expelled from any Local Union of the International Union of Operating Engineers and not reinstated as hereinabove provided shall be null and void and, upon discovery of the fact by the General Executive Board or the General Officers, shall be cancelled upon the records of the International Union of Operating Engineers and the Local Union with which such person has become affiliated shall immediately strike his name from its records.

Local Unions Charged Upon Reported Status of Members

Art. XXIV. The General Secretary-Treasurer shall
Subdiv. 7. charge to the Local Unions and the Local
Section (j). Unions must pay all per capita taxes and as-

assessments due from the Local Union to the General Office upon the status of members reported by the Local Union to the General Secretary-Treasurer, which per capita taxes and assessments shall continue to be charged to and collected by the General Secretary-Treasurer from the said Local Union until a change in the status of any member shall be reported to and filed with the General Secretary-Treasurer.

When a Local Union Not Charged With Certain Per Capita Taxes

Art. XXIV. In instances where the penalty of suspension
Subdiv. 7. or expulsion is invoked upon members as
Section (k). provided in this Article, or where members have died or have properly transferred or withdrawn, Local Unions may, upon report to the General Secretary-Treasurer of each suspension, expulsion, transfer, withdrawal, or death, be relieved from further payment (including that due for the month in which the report is made but not for the month in which the death occurs or withdrawal is made) of the per capita tax due from the Local Union to the General Secretary-Treasurer on such members reported.

Trials

Art. XXIV. A Local Union shall have the power to discipline, fine, suspend or expel its members,
Subdiv. 7. upon causes provided in this Article, and provided further that any member charged with the offenses designated in this Article shall be tried within the jurisdiction of the Local Union where said offense was committed, in which case a copy of the verdict shall be sent to the Local Union to which the member charged belongs.

Art. XXIV. All charges must be preferred in writing
Subdiv. 7. and signed by the complainant. Where the
Section (m). President is not the complainant, the charges must contain a signed statement of either the complain-

ant or some other member that he has personal knowledge of the facts which form the basis of the charges. Charges must be filed within thirty (30) days of the event or circumstance giving rise to the charge, or within thirty (30) days of learning of the event or circumstance, whichever is later. Charges are to be filed with the Recording-Corresponding Secretary and read by the Recording-Corresponding Secretary at the next succeeding meeting following the filing of same. Immediately upon filing of such charges the Recording-Corresponding Secretary shall notify the defendant in writing, enclosing a copy of said charges, and of the date set for the filing of the answer or defense or the entering of a plea by the defendant, which date shall be not less than two (2) nor more than four (4) weeks thereafter. In addition, where the defendant is a traveling member, the Recording-Corresponding Secretary shall immediately send a copy of the charges to the Recording-Corresponding Secretary of the defendant's Local Union. Charges shall be specific, stating clearly, concisely and as accurately as possible the time, place, nature and circumstances of the offense alleged.

Art. XXIV. Within thirty (30) days after the pleadings
Subdiv. 7. are filed, or the plea entered, or the time
Section (n). elapsed in which the same must be filed or entered, the Local Executive Board, or any other Board within the Local Union established for the purpose, may at its discretion, order a pre-trial hearing and direct the complainants and defendants to appear at said hearing. All parties shall be notified in writing by Certified or Registered Mail providing the date, time and place of the hearing and the specific charges to be pre-tried. The purpose of the hearing shall be to define the issues and to make a preliminary determination as to whether the charges have merit. The Board, upon hearing all the parties, may at its discretion, decline to process these charges after such hearing, as being without merit. However, such decisions of

the Board not to process the charges, shall be appealable to the General Executive Board in accordance with the provisions of this Article. The failure of the complainant to appear at such pre-trial hearings may result in a dismissal of the charges by the Board. The Board shall also have the power to settle the matter at such hearing in the event such settlement is mutually agreeable to all parties. In the event the Board does not invoke the pre-trial procedures within the time set forth herein, or invokes the procedures and determines to proceed with the charges on their merits, the following provisions shall then become effective: After the pleadings are filed or the plea entered, or the time elapsed within which the same must be filed or entered, and the pre-trial procedure has been invoked, and/or time limitation for same expired, the President shall cause the parties to be notified of the trial date, which must be the next regular meeting thereafter. Unless a request for postponement of the trial shall have been made to and granted by the President, the trial shall proceed upon the date set. Complainants and defendants may present their own cases or by counsel selected from among the membership of the International Union of Operating Engineers. After all the evidence is in, and a full and impartial hearing has been had upon the issues, the President shall distinctly state the charge or charges and present the matter to the members present at said meeting for a vote.

Art. XXIV. The said members shall vote by ballot either guilty or not guilty on the merits of
Subdiv. 7. each individual charge. Three tellers shall
Section (o). be appointed, one by the defendant, one by the complainant and one by the President (if the President is either complainant or defendant then the third teller shall be elected by the meeting), which tellers shall collect the ballots and announce the verdict. A three-fourths vote of the membership recorded as present shall be required for conviction in cases involving expulsion, and a majority vote in cases

involving other penalties. If a verdict of guilty is returned, the President shall then prescribe the penalty permitted by the vote to be imposed.

Art. XXIV. In the event the complainant fails to appear
Subdiv. 7. at the time set for trial the President may
Section (p). dismiss the charges unless otherwise determined by a two-thirds vote of the members present. In the event the defendant willfully fails to appear at the time of the trial the said trial may be conducted in his absence, a vote taken by the tellers appointed by the President, a verdict announced and a penalty imposed.

Art. XXIV. Any member other than the President of the
Subdiv. 7. Local Union preferring charges against an
Section (q). other member as provided herein, must at the time of filing the charges deposit Fifty Dollars (\$50.00) in cash or certified check for each individual charge and for each signatory to each such individual charge against each member. In the event a charge is proved, the deposit for that charge shall be returned to the member filing the same, and if not proved, shall be forfeited to the Local Union. Any member of a Local Union fined, disciplined or expelled shall have the right to appeal to the General Executive Board in the manner and form provided in the Constitution and the Laws and Rules established thereunder. Any appeal rightfully taken and properly filed wherein the penalty of expulsion is imposed shall cause the order of expulsion to be stayed until decision of the General Executive Board thereon. Unless by action of the General Executive Board thereon, waiving the requirement, no member may appeal from the imposition of a fine unless and until such fine shall first be paid by him.

Trials of members within Local Unions under International Supervision shall be by and before the General President, or his deputy thereunto assigned, who shall be authorized and empowered to hear and decide the same.

In all such cases charges of infractions of the Constitution, bylaws Ritual and rules against a member shall be filed with the Supervisor who shall serve the accused with copies thereof and upon reasonable notice thereafter, the General President or his deputy thereunto assigned shall hear, try and decide the case, and administer the penalty from which sentence the aggrieved party may appeal to the General Executive Board in the manner governing appeals under the Constitution.

In the event the President of the Local Union is the complainant or the defendant he shall not participate as a member of the Local Executive Board in the pre-trial functions entrusted to the Board under Section (n) of this Subdivision, and shall not exercise any of the functions entrusted to the President under said Section (n) or under Sections (o) and (p) of this Subdivision. All functions entrusted to the President under said Sections (n), (o) and (p) shall, when the President is either the complainant or the defendant, be exercised by the Vice President or, if he is either the complainant or the defendant, then by any other Local Union officer selected by the Local Executive Board.

Art. XXIV. In the event charges are filed by a member
Subdiv. 7. against an officer of a Local Union, the Local
Section (r). Executive Board must conduct a pre-trial hearing of the nature and in the manner described in Subdivision 7, Section (n) of this Article. The decision of the Local Executive Board, whether it be to decline to process the charges as being without merit or to submit the charges for trial within the Local Union, shall be subject to appeal to the General Executive Board in the manner governing appeals under the Constitution. If, on appeal, the General Executive Board upholds the decision of the Local Executive Board not to process the charges, or if the General Executive Board reverses the decision of the Local Executive Board to submit the charges for trial within the Local Union, there shall be no Local Union trial and

the charges shall be dismissed. Notwithstanding any other provision of this Constitution there shall be no further appeal from such decision. If the General Executive Board reverses the decision of the Local Executive Board not to process the charges, or if the General Executive Board upholds the decision of the Local Executive Board to submit the charges for trial within the Local Union, it shall remand the charges to the Local Union for trial within the Local Union in the manner provided by this Article. Under the procedure herein provided, a reading of the charges at a membership meeting prescribed in Subdivision 7, Section (m) of this Article, shall be postponed until such time as the charges are ripe for trial at a membership meeting.

Art. XXIV. The Local Union shall keep minutes of all
Subdiv. 7. trials conducted by it. A stenographic record
Section (s). of trial proceedings need not be taken unless the presiding officer of the trial so orders, or unless the charging party or the charged member so requests within seven (7) days of receipt of the notice of trial. The party requesting that such recording be made shall be responsible for the cost of the recording and the preparation of the transcript by a competent reporter, chosen by the presiding officer. Three (3) copies of the transcript shall be prepared so that each party and the Local Union may have one. The reporter shall attach an affidavit to each copy, stating that it is a true and accurate transcript of the proceeding.

ART. XXIV – SUBDIVISION 8 RECALL OF OFFICERS

Whenever twenty-five (25) percent of the members in good standing in a Local Union shall file with the Recording-Corresponding Secretary a petition requesting the recall from office of any officer of the Local Union elected and holding office for a term of more than one year and within thirty (30) days thereafter a special meeting of the Local Union shall have been called and held with all petition-

ers present thereat, which special meeting shall have been devoted to verifying the signatures of all petitioners to said recall petition and the certifying by the Financial Secretary of the good standing of each petitioner, then and not otherwise the Recording-Corresponding Secretary shall notify all members in good standing of: 1st, the filing of the petition; 2nd, the holding of such special meeting; and 3rd, the date set for the voting upon the recall (which date shall be the third regular meeting following the mailing of such notice) and a vote thereon shall be taken at such meeting. The voting upon the recall shall be by secret ballot conducted by three tellers one of whom shall be a petitioner, one appointed by the President and one elected by the members present at the meeting. No officer shall be recalled unless there be cast a two-thirds vote of the entire membership in good standing in favor thereof, and upon the rendition of the required vote the said office shall become vacant.

ART. XXIV – SUBDIVISION 9 QUORUM

A quorum for the transaction of business at meetings of a Local Union shall consist of not less than seven (7) members in good standing.

ART. XXIV – SUBDIVISION 10 MEETINGS

Where Local Unions are authorized to operate under a District Administration Form of Government, or have received special dispensation, the

specifying another means for calling such meetings.

modifications thereof shall not be executed until they have
been presented at the next membership meeting following
the negotiation of the proposed agreement and have been
approved by the membership affected, provided, however,
that a Local Union may delegate to its Local Executive

agreements and modifications thereof negotiated by Local
Unions shall be filed with the General President immedi-

Each such retired member shall, however, be entitled to have a voice at any such meeting.

ART. XXIV – SUBDIVISION 12 BYLAWS AND TRADE RULES

Local Unions may adopt and amend bylaws and trade rules by a majority vote of the members voting at a regular membership meeting, at a special meeting called for that purpose, or in a mail referendum of the membership. No bylaws or trade rules may be adopted or amended in contravention of the Constitution, Laws, Rules, Obligation or Ritual of the International Union, or the decisions, rulings, orders and directions of any authority of the International Union empowered by this Constitution to make them. Copies of all bylaws and trade rules, immediately following their adoption or amendment, shall be transmitted by the Recording-Corresponding Secretary to the General President and the General Secretary-Treasurer. ARTICLE XXV APPRENTICESHIP

Local Unions should establish an apprenticeship and training committee which shall have the responsibility of developing and operating registered apprenticeship programs and such other programs as may be desirable to train members in the complete mastery of our craft jurisdiction.

All pertinent constitutional procedure governing trials, charges and penalizing of members, shall apply to such trial and procedure before regular district membership meetings, and any member aggrieved by such procedure or the penalty assessed therein may appeal therefrom directly to the General Executive Board in the manner and form governing appeals under the Constitution.

If any provisions of this Constitution shall be found or declared to be illegal, invalid or inoperative by any competent authority of the legislative, executive, judicial or administrative branch of a Federal, State or Provincial government, the General Executive Board is empowered to substitute during the period of its invalidity a provision which will meet the objections to its invalidity and which will be consistent

with the intent and purpose of the invalid provision.

Notwithstanding any other provision of this Constitution, if, at any time, the General Executive Board shall deem it necessary for the protection of the welfare and best interest of the International to amend any provision of this Constitution because of any finding, declaration, order or judgment by any competent authority of the legislative, executive or administrative branch of a Federal, State or Provincial government, it shall be empowered to enact such amendment and such amendment shall have the same force and effect as any other provision of this Constitution.

Wherever reference is made to gender in this Constitution the same shall be interpreted and construed as including both male and female. This interpretation shall also be applied by Local Unions and other subordinate bodies of the International Union to their respective bylaws.
