

Health Coverage Tax Document - IRS Form 1095-B

Your IRS Form 1095-B is available upon request.

The IRS Form 1095-B provides important tax information about your health coverage. However, several years ago, the federal penalty for failing to enroll in health insurance was discontinued and, as a result, you are no longer required to submit an IRS Form 1095-B when filing your federal tax return (*e.g.* Form 1040). Later, Congress changed federal law to state that health plans are no longer required to mail copies of Form 1095-B to participants.

As a result, Local 94 Health and Benefit Fund participants will no longer automatically receive a paper copy of Form 1095-B in the mail, except if required by state law, such as in New Jersey. Any Local 94 Health and Benefit Fund participants who want to receive a paper copy of Form 1095-B may follow the process set forth below to request a copy to be provided by mail. Please note, all participants may access the 1095-B Form online via an email from Online Form Retrieval with the subject: **IMPORTANT TAX RETURN DOCUMENT AVAILABLE**. A notification will be posted once the Form becomes available online.
